

FYI Flat Panel Arm

Primary Customer Need:

To support flat panel monitors in a workstation environment. Particularly important to users in workstation environments which offer limited space and/or require ease of adjustment for more than one viewer.

User Requirements:

- Ease of positioning of a flat panel monitor across a broad range of adjustment
- Allows effortless adjustment of height range and viewing angle changes
- Allows monitor to be positioned at the correct viewing distance to relieve eyestrain
- Frees valuable worksurface space that was previously unusable
- Allows for the design of a smaller worksurface footprint as well as the possible elimination of deep corners, yielding more usable square footage

Product Features:

- Style Numbers: FPASINGLE FYI Flat Panel Arm Single Monitor

FYI Mounting Brackets

FPASPC	Flat Panel Arm Desk-Clamp/Grommet mount bracket
FPATM	Flat Panel Arm Through mount bracket
FPASWR	Flat Panel Arm SlatWall and SlatRail mount bracket
